Speedex Mineral

Speedex Mineral is a daily supplement to ensure the horse receives enough essential mineral nutrients.

Speedex Mineral consists of tasty pellet crumbles so the horse actually eats all of the supplement that it is provided with. It supplies calcium, phosphorus, magnesium, trace elements and vitamins to the horse.

Feed advice

Hard work, 200-250 g/day (3-4 deciliters/day)

Moderate work, 150-200 g/day (2,5-3 deciliters/day)

Ponies, 50-100 g/day (1-1,5 deciliters/day)

Young horses, 150-200 g/day (2,5-3 deciliters/day)

Breeding mares, 200-300 g/day (3-5 deciliters/day)

One liter Speedex Complete is 620g

Ingredients

Sugar beet pulp, calcium carbonate, grass meal, oat bran, wheat bran, magnesium phosphate, monocalcium phosphate, salt, premix, vegetable oil, liquid molasses, magnesium oxide, BIO-MOS®, BIOPLEX®, SEL-PLEX®.

Packaging

25 kg/bag and 600 kg/pallet

BIO-MOS® strengthens the immune system of horses and foals.

SEL-PLEX® supplies selenium in organic form, which is best absorbed, stored and utilised by the horse.

BIOPLEX® - chelates that supply the horse with trace elements in a form as close to nature as possible.
